Executive Vice President of The Florida Economics Club, Stanley Tait, has invited you on behalf of the Board of Directors to address the club in Tallahassee on a Friday at noon or some other convenient date. The suggested format is 20 minutes of remarks followed by 10 minutes of questions and answers. The topic of your speech would be at your discretion. You could expect an audience of approximately 200 business leaders and Florida state government officials including members of the Supreme Court. All Florida major daily newspaper and television stations would be represented.

According to Mr. Tait, the Florida Economics Club is recognized as Florida's most important forum for distinguished speakers. Former speakers have included Pat Robertson, Florida Governor Bob Martinez, and Armand Hammer. (For further information see brochure opposite.)

In your role as Director of Central Intelligence, I believe that you should address audiences on the national level. In addition, since you already have a full schedule of speaking engagements and travel for the next months, I recommend that you decline this invitation. If you agree, attached is a letter for your signature.
